What is this product?

Type

Financial Contract

Term

The maturity of the product is 24 February 2025.

Objectives

The objective of the product is to make an investment in a financial instrument linked to the performance of an underlying asset in order to obtain a return while assuming a risk of loss of capital. The amounts listed below refer to each Nominal Amount which you invest. The Calculation Agent will determine the corresponding amounts.

Underlyings

The return on this product is determined by reference to EURO STOXX® BANKS Index (Bloomberg-SX7E Index).*

How performance is determined

At maturity,

- If the Final Level of the Underlying is greater than or equal to its initial level, you will receive a coupon of 9,50% of the Nominal Amount invested. Otherwise, you will receive a coupon of 4.75%.
- Additionally, if the Final Level of the Underlying is strictly less than 75% of its Initial Level, then you will receive the Nominal Amount invested minus the proportional fall from its Initial Level. Otherwise, you will receive the full Nominal Amount without any loss of capital.

What are the risks and what could I get in return?

Summary Risk Indicator

Lower Risk 1 2 3 4 5 6 7 Higher Risk

The risk indicator assumes you keep the product until 24 February 2025. You may not terminate the contract early, unless an agreement is reached with the institution to that effect under the terms of the contract.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you. We have classified this product as 6 out of 7, which is the <<second-highest risk class>>. This classification takes into consideration two elements: 1) the market risk (the volatility risk of the underlying asset and the interest rate risk) - that rates the potential losses from future performance at a high risk level; and 2) the credit risk which estimates that poor market conditions are unlikely to impact the capacity of Banco de Sabadell, S.A. to pay

you. In the application of the European directive 2014/59/EU, for the recovery and resolution of credit institutions and investment firms, the risk that the resolution authorities decide to redeem or convert the financial instruments subject to recapitalisation into other values, or transfer assets and/or business units of the issuer. This product does not include any protection from future market performance, so you could lose some or all your investment. If we are not able to pay you what is owed, you could lose your entire investment.

Performance Scenarios

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted. The scenarios shown are illustrations based on results from the past and on certain assumptions. Markets could develop very differently in the future.

What happens if Banco de Sabadell, S.A. is unable to pay out?

This Financial Contract is not a bank deposit and therefore it is not covered by a compensation or guarantee scheme. Therefore, in the event that, upon maturity, the Bank is unable to pay due to insolvency, the customer would compete with the Bank's other ordinary creditors, being subordinated to the creditors holding a privilege or guarantee, and having priority only over subordinate creditors and shareholders.

What are the costs?

The cost indicated in the following tables may change due to market fluctuations. During the contracting period, please consult the up-to-date Key Information Document on Banco Sabadell's website or via the customer's account on BS Online.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

How long should I hold it, and can I take my money out early?

Recommended holding period: 1 year

The recommended holding period is selected to correspond with the maturity date of the product. Please note that the product is not expected to be called prior to maturity, as it lacks liquidity. In any event, should the institution consent to the early call under the terms set forth in the contract, this would be done at market value and additionally with a cancellation cost that would never exceed 1% of the contracted nominal value.

How can I complain?

In the event you should wish to complain at any time about this product, or the service you have received, you may do so by contacting our Customer Care Service through the contact form available at <https://www.bancsabadell.com> and/or by posting your complaint to the following address: Servicio de Atención al cliente – Centro Banco Sabadell, Polígono Can Sant Joan. Calle Sena, 12, 08174 Sant Cugat del Vallès and/or by emailing SAC@bancsabadell.com, provided that the use of this means of communication is in line with the provisions set forth in Law 59/2003, of 19 December, on digital signatures. Once a complaint or claim has been sent to the Customer Care Service (SAC), it can also be filed with the National Securities Market Commission (CNMV).
